I just looked at the Detective Case Tracking Notes, and YES, Northeast Area took a Battery (with Sexual Contact) on July 14, 2013 listing Sean Carlson as the suspect. The detectives investigated and interviewed all involved parties and the case was submitted to the DA's Office and it was Cleared Other / Insufficient Evidence.

We are trying to determine if the department in 2013 investigated Sean Carlson for at least sexual battery? He is music event promoter with a lot of allegations and he just got removed by Golden Voice. I have a date of report of July 14, 2013

By the way the Podcast on Hollywood is really good- It sounded like an NPR national segment and is informative to victims.
